How can I get notified of CityU emergencies, school closing, or weather advisories?

In order to get CityU Alerts, you will need to sign up for text/email/phone notifications. The link to sign up is located on your student/faculty dashboard.

What happens when there is inclement weather?

Decisions regarding closures or delayed starts will be made no later than 6am PST (including weekends!) Notices of site closures, delayed starts, and/or safety related alerts will be sent using the MyAlerts system in the MyCityU Portal.

For sites located in the Greater Seattle/Tacoma or Vancouver WA areas, local television and radio stations may also be notified of any site closures or delays. There is also a recorded phone message targeted specifically to class cancellations due to inclement weather. That number is (206) 239-4738 or 1-800-426-5596 ext. 4738.

CityU Offsite Classes/Programs will follow the same closure procedures as the housing facility. This includes Coast Guard Base Seattle, Lower Columbia College, Peninsula College, Victoria, and public school district programs/internships.
